Hill-Rom is a leading global medical technology company with more than 10,000 employees worldwide. We partner with healthcare providers in more than 100 countries, across all care settings, by focusing on patient care solutions that improve clinical and economic outcomes in five core areas: **Advancing Mobility, Wound Care and Prevention, Patient Monitoring and Diagnostics, Surgical Safety and Efficiency and Respiratory Health**. The people, products and programs of Hill-Rom work towards one mission: **Every day, around the world, we enhance outcomes for patients and their caregivers.**

Hill-Rom is committed to the concept that mobilising people early and supporting their independence, improves life - in the hospital and at home.

Hill-Rom stretchers are intended for caregivers to use for the treatment and transportation of patients in all areas of the hospital, surgical centres and other patient care facilities.
